Address: District 7, Ho Chi Minh City

## OBJECTIVE

Final-year Computer Science student at Ton Duc Thang University, eager to learn and grow as a backend-focused software engineer. Seeking a full-time Software Engineer Internship to build backend services, design well-structured APIs, work with databases, and contribute clean, maintainable code in a product team.

## EDUCATION

2022 - Present

**Ton Duc Thang University**

Bachelor of Computer Science

GPA: 7.88/10 | Expected Graduation: 2026

## PROJECTS

Sep 2025 - Dec 2025

**Ton Duc Thang University – Course Project**

**E-commerce Platform – Full-stack Web Application**

- Built RESTful APIs with Node.js/Express (products, users, orders, payments).
- Implemented auth, cart/checkout, discounts/loyalty, and basic admin features.
- Used MongoDB/SQL and Docker Compose for local deployment.
- GitHub: <https://github.com/tranhohoangvu/E-Commerce-Website>

Sep 2024 - Dec 2024

**Ton Duc Thang University – Course Project**

**WarehouseMA – Building Warehouse Management System**

- Managed internal & rental warehouse operations (stock/tools/supplies).
- Built item catalog, inbound/outbound tracking, inventory overview, and basic reports.
- Ensured data consistency and clear documentation.
- GitHub: <https://github.com/tranhohoangvu/WarehouseMA>

Jan 2024 - May 2024

**Ton Duc Thang University – Course Project**

**Store.com – Phone Store POS System**

- Built POS flow with Laravel 10: sales/checkout, product & inventory management.
- Managed customers/employees with roles/permissions; created revenue reports/statistics.
- Generated PDF invoices/receipts and maintained order history.
- GitHub: <https://github.com/tranhohoangvu/Web-Programming-and-Applications>

## SKILLS

Languages & Frontend

C, C#, Java, Python, JavaScript (foundational); HTML, CSS, Bootstrap, React (basic)

Backend & Database

Node.js, Express, PHP (Laravel), REST APIs, Authentication (basic); SQL Server, MySQL, MongoDB (basic)

DevOps/Tools

Docker, Docker Compose, Nginx (basic), Git/GitHub, Postman, Figma

Other skills

Data Structures & Algorithms, Problem Solving, Teamwork, Documentation/Presentation, Fast learner

## CERTIFICATIONS

2024

Aptis ESOL – Final Scale Score 135/200 (British Council)

## INTERESTS

Music – Movies – Reading – Food – Travel
